PRODUCT

- Piston-actuated for stabilizing vehicles in seconds!
- Automatically re-adjusts and locks during operations.
- Can be positioned completely under and parallel to rocker panels to avoid trip hazards and stabilize both side-to-side and front-to-back.
- Super compact! Leaves space for other vital equipment.
AC-14: 28 in. x 4 in. x 2-3/4 in. (71.1 cm x 10.2 cm x 7 cm)
AC-17: 36 in. x 6 in. x 3 in. (91.4 cm x 15.2 cm x 7.6 cm)
Note: Supports add 1-3/8 inches (3.5 cm) to the height at the center
- Taller than most step-chocks.
AC-14: 13 inches (33.0 cm)
AC-17: 17 inches (43.2 cm)
- Lightweight! Made from high-strength aluminum.
AC-14: 14.5 lbs (6.6 kg) AC-17: 23.5 lbs (10.7 kg)
- Easily decontaminated.
- High load holding per Auto Crib-It!
AC-14: 2000 lbs (8.9 kN) AC-17: 2800 lbs (12.4 kN)
