- **Flat-Rate Programs**

WHY LION TOTALCARE?

- LION TotalCare is a fully verified ISP that services all brands of PPE. That means all services we offer meet the current edition of NFPA 1851 and NFPA 1855.
- We employ 20 years of experience and innovation, and first-hand manufacturer's knowledge and world-class resources to extend the useful life of your gear.
- It's easy to maintain your gear with LION TotalCare. Our flat-rate programs make your PPE maintenance budget predictable, our scheduling assistance helps to reduce turn times and we provide free shipping labels online.
- We use Ozone Cleaning Technology, which minimizes color fade and abrasion resulting from cleaning, and provides 99.9999% disinfection from germs, viruses and bacteria.
- We carry a large stock of gear for temporary use when your PPE is out of service or when your department has a temporary need.
- We have a proven history of satisfied customers. Our track record shows that we can extend the safe, useful life of your gear.

KEEPING YOU SAFER, LONGER

Turnouts and other PPE represent a major investment for your department. With dwindling budget dollars, you want maximum return out of your investment, while maintaining optimum levels of safety.

LION TotalCare[®], the leader in PPE maintenance and repair, can help save you money by keeping your gear safe for service longer.

Skilled repair can bring gear back to serviceable levels of safety and performance, which will extend its wear life.

Expert inspection detects performance-threatening conditions. Early detection helps prevent ongoing degradation.

Rips, holes, tears and broken hardware diminish the protection of PPE and dramatically shorten its useful life.
