OUR STORY

True North® is a family owned and operated company founded in 1992 by Alyx Fier. True North® has grown from a one-man operation to an ISO 9001:2008 registered company whose products are distributed worldwide. In addition to backpacks and bags for firefighters and SAR under the True North® label, our products include a broad range of fire resistant clothing under the DragonWear™ label. Though we've grown, our headquarters are still in Seattle, Washington just up the street from the garage where we started.

From the beginning True North®'s philosophy has been to provide innovative products at competitive prices, then back them up with a lifetime warranty and great customer service. It's not rocket science, just treating people the way we want to be treated. The praise and the criticism we've received over the past two decades has helped make us who we are today. If you've ever felt there was some way to improve our products or service - even if it's only a little bit - we'd appreciate you taking a moment to share your thoughts. Give us a call at 800-873-5725 or visit us at [truenorthgear.com](http://truenorthgear.com).

OUR PROMISE

All True North™ products are covered by a lifetime warranty against defects in materials and workmanship. We will repair or replace any gear with a manufacturing defect for the practical lifetime of the product, free of charge. Damage due to wear and tear may be repaired at a reasonable charge.

CAMPAIGN BAG / GEN 2

- Expanded main compartment
- New sleeping bag compartment with detachable DrySafe™ dry bag
- Collapsible laundry pocket
- Removable toilet kit
- Updated shoulder pads with metal hardware
- Lighter weight bag at 4.3lbs
- Capacity: 6500 cu. inches | Dimensions: 29" x 16" x 14"

GRENADE HOSE STRAP™

Our new Grenade™ Hose Strap holds it together so you don't have to. Designed to accommodate a wide range of hose sizes and bundle types, the Grenade™ is fast and easy to deploy while wearing structure gloves. No more fumbling to open the Velcro or tugging the strap through a buckle to free the hose. Our patent-pending release mechanism lets you simply pull the pin and throw.

- Quick, one-step deployment
- Durable stainless steel pin release mechanism
- Innovative, patent pending design
- Adjustable length of 15" - 20"

RADIO HARNESES / GEN 2

Our collection of best-selling Radio Harnesses feature all the bells and whistles that our customers expect from True North® products. With adjustable pockets designed to fit all makes and models of radios to upgraded, lightweight low-profile back harnesses, our Gen 2 Radio Harnesses are even more comfortable, durable and functional than ever.

RADIO CHEST HARNESS DUAL UNIVERSAL / GEN 2

- 2 Adjustable radio pocket fits a wide range of models, from larger legacy radios to smaller modern handsets
